Qualified Teaching Staff

Your child will enjoy learning under the caring guidance of a qualified early childhood Teacher and Assistant Teacher/Aide. These professionals benefit from the broad-based knowledge of our Director and Advisory Board.

Age Appropriate Learning

Young children learn by doing. Our teaching strategies and curriculum help children acquire knowledge about their physical and social world through playful interaction with objects and people. We offer programs appropriate to the age and developmental readiness of the students, implementing them with careful attention to the differing needs of each child.

Christian Emphasis

Faith development is a key part of our non-denominational curriculum. The staff takes on the exciting challenge of making faith real and alive for young children. All activities add in some way to preschoolers' spiritual lives, helping them see themselves as children of God. The children grow in their appreciation of God's creation, enjoy worship activities, and respond to God's love by caring for others.

Our Philosophy

Christ Church Preschool is an outreach ministry of Christ Church. Serving the surrounding area, we are committed to providing young children with high quality learning experiences in an encouraging environment modeled after Christ's love. Our play and learning activities are carried out in a safe, child-oriented environment and are designed to:

- Develop spiritual growth by incorporating the teachings of Jesus into our daily curriculum
- Develop a positive self image
- Encourage independence and self confidence
- Develop responsibility and self direction
- Provide opportunities for social and emotional growth
- Develop large and small muscle coordination
- Encourage creativity and self expression
- Stimulate intellectual curiosity and exploration of new ideas

Jesus said, "Let the little children come to me. Do not keep them away. The kingdom of heaven belongs to such as these."

Matthew 19:14
